The United States seeks an extension of one week to respond to Magistrate Judge Gates’s Order of September 3, 2024, regarding possible amendments to Case Management Order No. 14 [D.E. 281]. Since the issuance of the Magistrate Judge’s Order, the United States has conferred with the Settlement Masters to discuss procedures that would allow counsel for the United States to engage with the Settlement Masters and protect government information within the terms of Case Management Order No. 14. The United States is optimistic that it can reach an agreement with the Settlement Masters this week, and will inform the Court once an agreement is reached. If an agreement cannot be reached, an extension will allow the United States to address the matters in the September 3, 2024 Order.

The United States has conferred with the Settlement Masters and with Plaintiffs’ Leadership Group and neither object to this short extension.
